

XYZ Company Policy & Knowledge Base

This document provides structured and meaningful policy content designed for retrieval-augmented generation (RAG) systems. Each section contains definitions, rules, examples, and edge cases to improve semantic search and chunk retrieval.

1. Company Overview

XYZ Company is a mid-sized technology organization specializing in SaaS-based analytics platforms.

The company operates across multiple regions including India, Europe, and North America.

Primary customers include enterprises requiring data-driven decision-making tools.

- 1 Founded: 2015
- 2 Headquarters: Bengaluru, India
- 3 Employees: ~1200
- 4 Core Products: DataVision, InsightX, SecureAI

2. Code of Conduct

All employees must adhere to ethical standards including honesty, integrity, and accountability.

Conflicts of interest must be disclosed to management.

Harassment or discrimination of any kind is strictly prohibited.

- 1 Example: Accepting gifts above \$5000 from vendors is not allowed.
- 2 Edge Case: Attending sponsored conferences requires prior approval.
- 3 Violation Consequence: Written warning or termination depending on severity.

3. Data Security Policy

All sensitive data must be encrypted both at rest and in transit.

Access to production databases is restricted via role-based access control (RBAC).

Employees must use multi-factor authentication (MFA) for all internal systems.

- 1 PII includes: Name, phone number, email, Aadhaar number.
- 2 Incident Example: Unauthorized database export must be reported within 24 hours.
- 3 Tooling: AWS IAM, Vault, encrypted S3 storage.

4. Leave Policy

Employees are entitled to 18 paid leaves annually.

Sick leave requires medical documentation if exceeding 3 consecutive days.

Casual leave must be approved by reporting managers.

- 1 Carry Forward Limit: Maximum 10 days
- 2 Emergency Leave: Allowed without prior approval but must be reported
- 3 Unpaid Leave: Applicable after exhaustion of all paid leaves

5. Performance Evaluation

Performance reviews are conducted bi-annually.

Evaluation criteria include technical skills, teamwork, and innovation.

Employees are rated on a scale of 1 to 5.

- 1 Rating 5: Exceptional performance
- 2 Rating 3: Meets expectations
- 3 Rating 1: Needs improvement
- 4 Promotion Eligibility: Minimum rating of 4

6. IT Usage Policy

Company-provided systems must only be used for professional purposes.

Downloading unauthorized software is prohibited.

All system activity may be monitored for security reasons.

- 1 Allowed: GitHub, Stack Overflow, internal tools
- 2 Restricted: Torrent sites, unknown executables
- 3 Violation: May lead to access revocation

7. FAQs and Edge Cases

Q: Can employees work remotely permanently? A: Only with managerial approval.

Q: What happens if data breach occurs? A: Incident response team is activated.

Q: Can contractors access internal systems? A: Limited access via temporary credentials.

1 Edge Case: Lost company laptop must be reported within 12 hours.

2 Edge Case: Shared credentials are strictly prohibited.
